ABOUT ME

Empathic, dynamic and proactive worker.
Determined and strongly results-oriented, enthusiastic about continuing to grow and develop new skills.
Good propensity in interpersonal relationships, good analytical and teamworking skills.

EXPERIENCES

Full Stack Web Developer Trainee | 2024

Boolean

- Creation of responsive and device-optimised layouts, also with the help of dedicated frameworks.
- Development of interactive functionality through DOM management and manipulation.
- Creation of dynamic and modular user interfaces to guarantee an optimal user-experience.
- Development of dynamic server-side web applications.
- Conceptualisation and management of relational databases using Eloquent ORM.
- Creation and management of RESTful APIs for client-side and server-side communication.

Pharmaceutical Operator of Sterile Chamber | 2020 - 2023

My experience in the pharmaceutical industry has helped me refine my approach to the various problems that often occur and work in teams, allowing me to achieve corporate goals.

Sous Chef (Italy, Switzerland, England) | 2014 - 2020

In restaurants, I learnt how to handle different situations, even under stress, learning the importance of teamwork and moving towards efficient and effective problem solving.
